Department News

Congratulations to Eric Youngstrom! Joe Startup Technologies, a start-up led by co-founders Eric Youngstrom, Professor of Clinical Psychology, and Christopher Mumford, has received \$100,000 in commercialization awards from Carolina KickStart, a joint program of the North Carolina Translational and Clinical Sciences (NC TrACS) Institute and the Office of Commercialization and Economic Development.

The Carolina KickStart Award Program promotes entrepreneurship on the UNC campus by supporting the commercialization of innovations in the life science, biomedical, and pharmaceutical fields. KickStart is expanding to areas beyond life science. These awards help UNC startup companies meet commercial milestones by providing funding and expertise for technology validation, product, and business development.

Joe Startup Technologies is developing an app that moves assessment and diagnosis of common behavioral health issues like anxiety, depression, or substance abuse from paper to smartphone. The technology is revolutionary because it can dramatically increase evidence-based assessment and provide daily metrics so patient, clinician, and administrators can track any changes due to treatment.

Cameron Doyle, a Social Psychology graduate student, is the recipient of an American Psychological Association of Graduate Students/Psi Chi Honor Society Junior Scientist Fellowship. The Junior Scientist Fellowship's intent is to provide funding for a first- or second-year graduate level project and to help get their research off the ground. Cameron won for her research on language and emotion perception.

PsychFest 2.0!

Last year, the 1st Annual PsychFest event was a huge success and many undergraduate students were matched with research labs. Several students mentioned their appreciation to learn about ongoing research through 1-on-1 conversations with faculty. We hope to have a great turn-out this year as well!

PsychFest is a research fair during which faculty and graduate students can show off their current research projects and talk with undergraduate students about research and/or recruit undergraduates as research assistants.

This year's PsychFest will be **Friday, October 23** from 3:00—5:00 pm in Davie Hall Lobby. Is your lab interested in participating? Email Desiree Griffin at dgriffin@unc.edu to reserve a space for you and your lab representatives to display a poster highlighting your lab's research.

PsychFest is a wonderful opportunity to showcase all the great research our Department is doing!

2016 Distinguished Alumnus

The Colloquium Committee in the Department of Psychology and Neuroscience is pleased to announce that the recipient of this year's Distinguished Alumnus Award is **Dr. Ronald Haskins**, who earned his Ph.D. in the Developmental Psychology Program. He was a senior researcher at the Frank Porter Graham Child Development Center at UNC Chapel Hill from 1981 to 1985.

A former senior White House and congressional advisor on welfare issues, Dr. Haskins co-directs the Brookings Center on Children and families and Budgeting for National Priorities Project. An expert on preschool, foster care, and poverty, he was instrumental in the 1996 overhaul of national welfare policy. He is also a contributor to the Evidence Speakers paper project.

His areas of expertise include welfare reform, child care, child support, marriage, child protection, and budget and deficit issues. In 1997, Dr. Haskins was selected by the *National Journal* as one of the 100 most influential people in the federal government. He received a Lifetime Achievement Award from the Federal Office of Child Support Enforcement in 2000; the President's Award for Outstanding Contributions to the Field of Human Services Association in 2005; and the

Lion Award from the Grantmakers for Children, Youth, and Families in 2010.

Dr. Haskins' talk, entitled "**Social Science Rising: The Growing Influence of Evidence in Policy Development**" is scheduled for Wednesday, February 24th from 3:30 to 4:30 pm in Davie Hall.

Center for Developmental Science

The Carolina Consortium on Human Development (CCHD) provides educational opportunities related to Developmental Science for undergraduates, pre-doctoral students, postdoctoral fellows, and faculty at all levels. All are welcome; all events are held from 2 pm—3:15 pm.
