SPA Non-Exempt Employees
Time Stamp

SPA Non-Exempt Employees are paid on an Hourly basis for hours worked. They are permanent staff employees entitled to overtime or compensation time at one and one half times regular rate for hours worked in excess of 40 hours per week.

Time Stamp has been selected by specific departments, this method of keeping time records requires the user to capture their start and end work times by using a computer to record their time. They cannot correct, change or update time entries. Corrections and changes must be done by their Manager or TIM Administrator. Each Department maintains a Payroll Processing Deadline for time card completion and approval.

Installing TIM

How to access TIM

For all employees (not TIM Administrators or Managers), an HTML (non-Java) version should be used. To log in, open a supported web browser (Internet Explorer (IE) versions 7, 8 or 9 or Mozilla Firefox version 4 or higher) and type http://unctim.unc.edu/employee in the address bar. A log in page will appear. Take the following steps:

1. Type your ONYEN in the User Name field.
2. Type your ONYEN password in the Password field.

For detailed instructions, please refer to the HTML (non-Java) TIM User's Manuals, located here: http://finance.unc.edu/training/#tim_non_java.

For employees using other devices to access TIM, such as Badge Terminals or TeleTime, please refer to those manuals, located here: http://finance.unc.edu/training/#tim_emp_other.

Please Note-

• New hires will not be able to log into TIM until 24-48 hours after the new hire action has been successfully completed in the HR System.

• Times in and out must be captured in TIM at the start and end of each shift worked by Student, Temporary, and SPA Permanent Non-Exempt (set to capture) Employees.
SPA Permanent Non-Exempt Employees (not set to capture) should enter their times in and times out in their timecards in TIM on a daily basis to ensure accuracy and completeness, under UNC audit standards. The times for each day should reflect the actual time the employee started work and the actual time when the employee stopped work. Actual times out and in for meal breaks should be recorded daily as well. Please refer to the December 12, 2011, TIM Internal Audit memo located on the TIM announcements webpage [http://finance.unc.edu/controller/payroll-services/tim/tim-announcements/page/4/].
