

# Department of Psychology and Neuroscience Registration and Enrollment for Spring 2017

During the first two weeks of enrollment, **between November 1<sup>st</sup>, 2016 and November 14<sup>th</sup>, 2016**, all undergraduate psychology courses numbered 400 and above will be restricted to PSYC majors only for all but a select number of seats per section which will be available to non-psychology majors (roughly 10%). These restrictions will be removed on the morning of **November 15<sup>th</sup>, 2016** and will be reinstated the week before classes start, from **January 2<sup>nd</sup>, 2017 through January 12<sup>th</sup>, 2017**. These restrictions will then be removed again on the morning of **January 13<sup>th</sup>, 2017**.

Cognitive science and neuroscience minors will continue to have unrestricted access to PSYC courses related to their minor during all registration restriction periods.

## Psychology Majors

As always, we are working hard to meet the student demand for all of our courses. If you are concerned about completing the requirements for the psychology major in time to graduate, here are a few reminders:

- First, you need to monitor Connect Carolina diligently and frequently during the entirety of the open enrollment period and make sure that you register at the beginning of your scheduled enrollment appointment
- Second, note that only *two* upper-level courses are required for a psychology major and seniors have priority in registering for them
- Third, we recommend that you consider taking summer school; we will offer several upper-level courses during the summer and often in Maymester as well and they rarely fill up

Our [Departmental Enrollment Policy](#) requires all course registration to be handled on a first-come, first-serve basis in the Connect Carolina system. **Please do not contact the instructors directly**, as the Department does not keep special enrollment lists and no one may be added outright to a course that is already closed in Connect Carolina. Our students have great success in enrolling in the courses they need merely by being aware of their registration schedule and by being persistent in Connect Carolina.

The waitlists for the Spring 2017 term will remain in place until **January 19<sup>th</sup>, 2017**; however, the last day to add yourself to a waitlist is **December 13<sup>th</sup>, 2016**. For those of you not on a waitlist, please continue to monitor Connect Carolina closely to register for your necessary courses.

If you are a **senior psychology major** planning to graduate in May 2017 and you do not successfully enroll in the courses that you need to graduate by **December 13<sup>th</sup>, 2016** please contact our Student Services Manager, Kaitlin Blakemore, at [blakek@email.unc.edu](mailto:blakek@email.unc.edu).
