Chelsea Schein, a graduate student in Social Psychology, is the recipient of the 2018 $10,000 Frank Research in Public Communications Prize. Chelsea presented her work at *frank*, a gathering for social communication practitioners, academics, philanthropists, business leaders, and advocates who use strategic communication to drive social change. She was selected as one of three finalists from a pool of 44 applicants by a review committee of scholars and practitioners. Papers were considered based on their applicability to the field, contribution to public interest communications as an interdisciplinary academic discipline, methodologic rigor, and insight that can be used to innovate the social sector. The finalists presented their work at *frank*, where the audience voted Chelsea as the winner of the $10,000 prize.

Chelsea won for her work, “The Unifying Moral Dyad: Liberals and Conservatives Share the Same Harm-Based Moral Template”, which was published in the *Personality and Social Psychology Bulletin*.

The Society for Research on Adolescence (SRA) was established in 1984 and is a rapidly growing, dynamic society focused on the theoretical, empirical, and policy research issues of adolescence. Its goals are to advance the understanding of adolescence and enhance the well-being of youth in a globalized world. SRA promotes high-quality research that considers the biological, psychological, and sociocultural aspects of development in context. The Executive Council elects four members-at-large to serve four-year terms.

On February 2, 2018, Professor Emeritus Barclay “Bob” Martin passed away at age 94. He was a long-standing member of the Department of Psychology and Neuroscience, joining the Department as a Full Professor of Clinical Psychology in 1972 and retiring in 1989. He previously served as 18 years as a faculty member and Chair at the Department of Psychology at the University of Wisconsin.

Dr. Martin was known for his research on family therapy, assessment, and modification of family interactions related to psychopathology and stress. He served as the Developmental Psychology Program Director in 1972-73 and 1987-89 and as our Director of Graduate Studies for many years. Dr. Martin taught many courses for the Department, including Advanced Behavior Pathology, Experimental Methods of Personality Study, and Clinical Research Methods, and published two textbooks, “Abnormal Psychology” in 1981 and “Anxiety and Neurotic Disorders: Approaches to Behavior Pathology” in 1971. Dr. Martin was a longtime supporter of the entire field of psychology and he will be deeply missed.

Join us for the 2018 Brain and Behavior Night, as part of the 2018 Brain Awareness Week, at the NRC Building at the North Carolina Museum of Natural Sciences! From 6—7 pm, meet local neuroscientists and interact with hands-on brains and behavior exhibits suitable for all ages. Short, accessible talks by neuroscientists will celebrate national Brain Awareness Weeks and tell you what local neuroscientists are discovering. Over 20 laboratories are participating! At 7 pm, a special guest, prominent neuroscientist Dr. Jeff Lichtman from Harvard University will lead a Science Café. Check out the event on their Facebook Page!
