What is your PID?

The committee will be considering quality as well as quantity of service activities. Please answer the following two questions on the next page.

1. Please bullet list the service activities you have been involved with during your college years, indicating the time frame of your involvement. (To be clear, service includes any activity done to help others and is distinct from assisting with research.) Include a one-sentence description of each so that we may know who the service was for and what your main role was. (This may include years at a community college or peer institution if you are a transfer student.)

2. Please provide a short description (maximum of 300 words) of why you may deserve the Donald T. Lysle Award.
