## Department News

Dr. Andrea Hussong was recently selected as one of 8-10 faculty members for the 8th Class of Thorp Faculty Engaged Scholars (FES).

Thorp Faculty Engaged Scholars are leaders in their respective fields and will participate in a 2-year program sponsored by the Carolina Center for Public Service. The program brings together selected faculty from across campus to engage in an experiential, competency-based curriculum designed to advance their engaged scholarships. During the two-year program, scholars participate in sessions in community settings focused on exemplary university-community partnerships. While developing their own projects with community partners, scholars form a learning community with guidance and support.

Dr. David L. Penn was named a ESI Clarivate Analytics Highly Cited Research in 2021 (representing the top 1% of most-cited scientists in the world in Psychology-Psychiatry from 2010-2020). He is one of 183 researchers in Psychology-Psychiatry who are on this list (out of a total of 6062 researchers worldwide). This is the 5th year in a row that Dr. Penn has made the list.

The highly anticipated annual list identifies researchers who demonstrated significant influence in their chosen field or fields through the publication of multiple highly cited papers during the last decade. Their names are drawn from the publications that rank in the top 1% by citations for field and publication year in [the Web of Science](https://www.webofscience.com)™ citation index.

Andrea Hussong spoke with the College of Arts and Sciences Magazine on her research for University Research Week.

Dr. Hussong has been studying the impact of COVID-19 on adolescents' mental health. She was lead author in a commentary for a special issue of the Journal of Research Adolescence focused on this issue and is a member of the Society for Research on Adolescence COVID-19 Response Team. She also received funding from the Carolina Seminars program for the project "Promoting Child and Youth Welfare Beyond COVID."

## Upcoming Events

### Teaching Students to Teach Themselves

**December 6th, 3:30-4:45pm**

We are pleased to welcome **Dr. Daniel Willingham** (University of Virginia) who will be discussing student self-regulation and learning.

Registration available here: [bit.ly/CTLCWillingham](http://bit.ly/CTLCWillingham).

### Developmental Psychology Program Lunch

**December 1st, 12:00-1:30pm**

We are pleased to welcome

**Dr. Jelena Obradovic**  
(Stanford University)

## Justice, Equality, Diversity, and Inclusion (J.E.D.I.)

### What is the JEDI?

JEDI stands for Justice, Equity, Diversity, and Inclusion. It is a department-wide committee comprised of faculty, staff, graduate students, and post-doctoral fellows devoted to promoting equity and diversity in the Psychology and Neuroscience Department.

### What have the JEDI been working on?

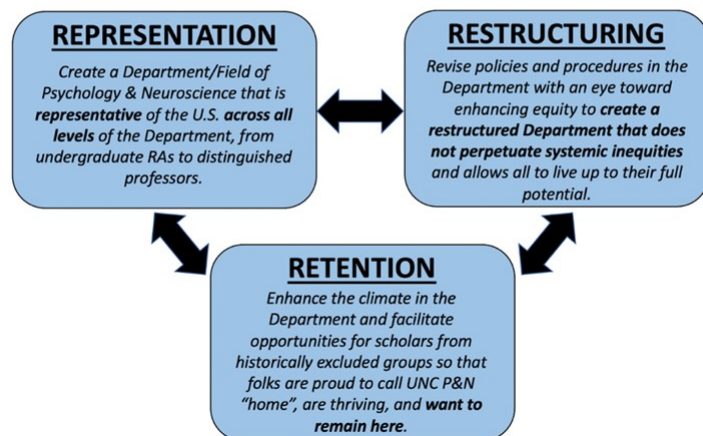

During the '20-'21 academic year, the JEDI expanded the department's efforts to increase justice, equity, diversity, and inclusion in our community.

Among the many initiatives (not all of which are listed here), program faculty, students, and staff (1): developed teaching resources for Psychology and Neuroscience courses to support respectful and inclusive classroom practices as well as to include under-emphasized topics related to BIPOC history, (2) facilitated graduate student representation on faculty search committees and at monthly faculty meetings, (3) coordinated a department-wide, anti-racist book club, (4) created a new set of awards to recognize outstanding service and research contributions related to diversity, equity, and inclusion, and (5) identified and addressed specific barriers to diversity and inclusion within the UNC graduate school, such as GRE score requirements, application prompts, and review criteria.

### Plans for 2021-2022

*Justice, Equity, Diversity, and Inclusion (JEDI) Leadership  
Vision for AY 2021-2022 Activities:*

### Prioritizing the 3 Rs: Representation, Retention, Restructuring

In the new year we plan to work within each subcommittee in the service of three main aims: Representation, Restructuring, and Retention. These goals were set by Dr. Keely Muscatell with the other members of the leadership team Drs. Barb Fredrickson and Dan Bauer. Each sub-committee was asked to create goals within each of these areas. The goals vary widely (e.g. hosting the Diversifying Psychology Weekend at the level of the department, improving mentoring at every level of the department, posting in this newsletter!) but each is in the service of these three overarching aims of the whole JEDI committee.

## Research Opportunities for Faculty

If you are interested in applying for any of these opportunities, contact Phil Lee, Grants Management Officer, at [pal@unc.edu](mailto:pal@unc.edu).
